

## Survey

When we get together for meals or other activities, members often ask us for news about their old colleagues with whom they used to work. Unfortunately, we cannot respond adequately given the fact that we do not know the workplaces of our members. Neither CARRA nor AREQ has this information either. Therefore, we have decided to do a survey of our members in order to establish a database which can be used for disseminating useful information.

We therefore ask you to complete this brief survey. The survey is not obligatory but the information would be useful for our improving our sectorial activities. It goes without saying that all information will be kept confidentially within our *Du-Haut-de-L'Isle* sector. This survey will also be in L'Entrefilet, in both the French and English versions, as well as in messages to members via email. You will find an insert in L'Entrefilet where you can record your answers. You can also send your responses by email to: [jacready@videotron.ca](mailto:jacready@videotron.ca).

Thank you for helping to invigorate the life of our sector.

Places of work

During your career, you may have worked in different capacities in different places: schools, colleges, service centers, School Board offices etc. Please indicate below where you have worked during your career by writing the name of the school, college, service center or School Board (SB). If you worked at more than one place, indicate the most important one with an asterisk. It is not necessary to put the places in chronological order nor to give the number of years worked at each place.
